Weingut Liebfrauenstift 2015 Liebfrauenstift Riesling Dry

Vintage 2015 at Liebfrauenstift:

Bud break started early, at the beginning of April at our estate, which always brings a fear of late frost. Luckily that did not happen. There was a long, dry spell in April, May, and early June, with only a small amount of rain to provide respite. The flowering period went extremely fast this year: it began on June 5th and ended on June 8th. This was due to unusually scorching summer weather - this was the hottest June ever recorded. And temperatures in July reached up to 102°F! By the end of August our grapes had already achieved over 70° Oechsle. Our main harvest started on September 25th, with very healthy grapes and a high must weight. This looks to be a great vintage with lots of extracted, ripe flavors.
