25% Merlot

Age on the Vines

35 years

Planting Density

5000 ft/ha

Soil

Clay and Limestone

Yields

8 clusters

Location

Moulon

Viticulture Practice

Viticulture precision aimed at respecting the environment.
Traditional technique, weed, buds, mechanical thinning, green grape harvest.

Harvest-grape harvest

Mechanical harvesting using a new machine each year.

Vinification

5 day fermentation and maceration at 30° for 2 to 3 weeks.

Breeding

Aged in stainless steel tanks changed every 12 months.

Alc/Vol

13.5%

Tasting Note:

Deep, intense red color. Smooth and velvety, yet fleshy, and well structured. Sweet tannins provide a prolonged and persistent finish. A fresh and rich Bordeaux!

Production

60,000 bottles annually
