

JANUIK

STONE CAIRN

CABERNET SAUVIGNON
Red Mountain, Washington State

The bright and edgy aromas of spice and raspberries jump out of the glass. The dark fruit on the front of the palate stretches into a very well-structured and balanced mid-palate and finish. You will be left with lingering pepper and a hint of nicely integrated oak and tannins. With generous texture and length, this will continue to improve for 10-14 years.
