Sancerre rosé

Our Sancerre wine is made from the grape variety pinot noir and is obtained by the bleeding process. The juice is separated from the skins early in the fermentation when the desired colour is obtained.

Fragrant and enticing my Sancerre rose in fine fruity with a pretty tint.

Suggestion:

If you are looking for a particular occasion, picnic, barbecue it is not a problem.

Drink it young with starters appetizers, cold cuts and liver, white meat, hot and spicy dish Asian cuisine, pastas.

Serve it chilled at 12 degrees.

Open it half an hour before drinking it.
