

# MAURO

Mauro is produced with 90% Tempranillo and 10% Syrah . The wine matured in oak barrels for some 16 months and was finally bottled in June 2014. It's fresher than the 2011, mixing aromas of red and black fruit. The oak is well-integrated, with good balance and a certain elegance. The palate is medium-bodied, with good acidity and highly-polished, fine tannins. A great version of Mauro.  
Drink 2015-2018
